CURRENT MEDICATION REGIMEN

All medications, prescription and over-the-counter, are kept in the nurse's office at Carroll Youth Center. Medications are returned prior to departure. Bee sting kits and inhalers can be kept in the possession of youth. This is in accordance with the State of Wisconsin health care regulations for camps. Prescription medications must be kept in original containers. This is necessary to assure that the proper dose and information about the medication is readily available for the staff nurse.

MEDICAL RELEASE

This medical release form is complete and accurate to the best of my knowledge. I give permission to Green Lake Conference Center's nurse to provide care, administer medications deemed necessary and authorize transportation to a medical facility. In the event that I cannot be contacted, I give permission for the physician and medical facility to secure and administer treatment, including hospitalization, injections, anesthesia or surgery as deemed appropriate. I also authorize the release of medical records to the attending physician and conference center nurse to assist in the care of my child. I release Green Lake Conference Center and staff from liability in the unlikely event of an accident during normal Quest activities.
