## Notes regarding housing forms

The following page invites you to share the names, grades, and gender of your youth participants. We ask for the information in groups of six because six people share a suite of rooms. Each suite has two rooms and then a bathroom between them. The bathroom includes a sink, shower, and toilet. Each set of six people indicates two rooms with an adjoining bathroom. Group leaders are given keys at check in. Please complete **all** information. Please print names.

For the student's grade, please indicate the grade he or she will be entering in the fall **following** this summer.

We will do everything we can to honor the arrangement/grouping you list. If we need to make adjustments, we will talk with you about them when you arrive.

If you need more housing segments than are listed below, just make copies of the sheet you need.
